

Life is a Breeze

“SAP business One gets the job done with no ifs or buts. You can only expect a level of excellence from SAP Business One and G3G.”

Palesa Molai, IT Administrator, Pacific Cigarette Company

LIMITLESS BUSINESS POSSIBILITIES START WITH SAP BUSINESS ONE

Pacific Cigarette Company (PCC) is the fastest growing cigarette-manufacturing company in Zimbabwe. With G3G and SAP Business One, the company has been able to fully integrate different departments and seamlessly manage them through a single consolidated view.

OBJECTIVES

- PPC has been using SAP Business One since 2006.
- They needed some assistance in unlocking the true potential of the SAP Business One system.

WHY SAP AND G3G

- G3G has built a strong relationship with PCC, providing them with the value-addition that they sought.
- SAP Business One could provide PCC's management and operations teams with peace of mind and complete integration when used properly.

BENEFITS

- Since implementation, management now has a clear, consolidated view of the business and real-time data, at any given time.
- The reporting process has improved.
- Different departments are no longer segregated, which has improved internal communication.
- Various units no longer operate as silos.
- Cross-functional efficiency has been enhanced.
- Everything is now controlled through an easily accessible centralised platform.
- Business processes are more efficient and more effective, creating more opportunities for growth.
